

## Single Head Electronic Drink Mixer

**WDM120TX**

### Unit Information

Enjoy hands-free operation and consistent results with the Waring® WDM120TX Heavy-Duty Single-Spindle Drink Mixer with Timer. Make classic milkshakes and malts your customers will love. Power through the coldest, hardest ice cream with ease, thanks to a 1 HP, high-performance motor. A large, easy-to-read LCD display lets you program the timer before or during use to maximize efficiency.

| Illustration # | Part # | Description                                                                                                   |
|----------------|--------|---------------------------------------------------------------------------------------------------------------|
| 1              | 037532 | Hole Plugs (4 required Per unit)                                                                              |
| 2              | 033901 | Screw (4 for top housing) (2 for actuator switch) (1 for ground lead) (6 for back plate) (2 for bottom plate) |
| 3a             | 037533 | Top Cover                                                                                                     |
| 3b             | 037534 | Top Cover with Air Guards                                                                                     |
| 4              | 037126 | Top Cover Air Guards                                                                                          |
| 5              | 033886 | Screw (2 required Per unit)                                                                                   |
| 6              | 030689 | Name Plate                                                                                                    |
| 7              | 030690 | Washer (2 required Per unit)                                                                                  |
| 8              | 030691 | Screw (2 required Per unit)                                                                                   |
| 9              | 037535 | Control Panel                                                                                                 |
| 10             | 037536 | Fiber Washer (2 required Per unit)                                                                            |
| 11             | 030706 | Screw(2 For Control Panel)(1 For Motor Ground)(4 For Bottom Plate)(2 For Suction Cup foot)                    |
| 12             | 037537 | Housing                                                                                                       |
| 13             | 013731 | Wire Tie (4 required Per unit)                                                                                |
